ATTRACTIVE AS A THREE RING CIRCUS.

SULZER'S Christmas Opening has always been the leading holiday event, and this year it fairly eclipsed its former glory. The fact that the store is more brilliant than ever, and that the stock of Christmas goods is the largest ever carried has stimulated public interest, and for the past week the store has been the center of attraction. Its wealth of beautiful things has made it as attractive as a three ring circus.

A Hot Thing For the Boys ... Is Our New AIR GUN.

It's a Peach!

It will kill birds or rabbits and is safe to operate. Ammunition is cheap. Mothers need not be afraid to give one to their boys. It is harmless, and will accustom him to the use of fire-arms.

See That Gun!

Santa Claus Ransacks all Quarters OF THE GLOBE For Toys and Gifts For Our Customers

The immense crowds of people who visited our store last week expressed their amazement at the variety and extent of our Christmas stock. They had every reason to do so. It may be a matter of information to you to know that every quarter of the globe has been ransacked to furnish articles suitable for gift giving for our patrons. Germany has furnished a wealth of toys, some of the quaint sheep, donkeys, Noah's Arks, and dolls having been made in the far famed Black Forest.

Switzerland, whose people are noted for the cunning of their hands, has contributed sweet toned music boxes and delicately wrought jewelry, as well as beautifully carved handles for umbrellas and canes.

Austria has sent beautiful hand painted pottery, fashioned as delicately and tinted as daintily as the famous Sevres ware.

Holland has sent serenely with her contribution of delft ware with the queer decorations representing Dutch windmills and dunpy, roly poly Dutch boys and girls.

England has sent cutlery, Scotland has sent woolen goods, Ireland has sent linen articles, France has sent a thousand fanciful articles, while India, Africa, China, Japan, South America and all the islands of the sea have our product here to show how industriously old Santa Claus has worked to gather things to promote the festive joy of his favorite people.

There's instruction as well as entertainment in the stock of goods at our store.

Buying Crowds.

THE immense crowds of people that visited our store in the past seven days were as hungry for bargains as alligators are for poodle dogs. They looked over our selection of Christmas goods and the way they made purchases was a caution. They realize that our prices discount city prices and that our stock is as varied and extensive as city stocks. They had a realizing sense that Sulzer's is a veritable palace of bargains. In other words they had a good thing and they pushed it along.

A Hint

If this rush of buying continues our stock will be very materially reduced in the next four days. If you have not yet done your Christmas shopping we advise you to come right away while there is some of the cream left.

Fine Service

We have engaged an extra corps of salesmen and saleswomen to handle our holiday trade and we guarantee you perfect service. You be waited on promptly and will receive every courtesy and attention. This is one of the greatest pleasures of shopping and we will see that you enjoy it or burst a cinch strap in the effort.

All kinds, too. The best thing about it is that it's pure, no cheap glucose and paint to ruin the stomach. It's straight out candy, made of sugar and pure flavoring extracts, and decorated with harmless coloring matter.

SULZER'S, CLOVERPORT.

Some Wives

Who love their husbands are considerate enough to promote his comfort by purchasing for him a pipe and tobacco, or maybe a box of cigars, if he's a smoker.

Some Sweethearts

Do the same for their beaux. Now if you are not jealous of Queen Nicotine, ladies you can find a splendid selection of smokers' articles at our store that are suitable as gifts.

A GREAT QUESTION EASILY SOLVED.

When you go to gift buying it is always a puzzle to you to know what would be appropriate. It's a question that's easily solved at Sulzer's. The variety, the up-to-dateness, and the proportions of the stock make it a pleasure for you to make your selection and you see so many things that would be appropriate and acceptable to any age or sex that it easily solves the question.

The Children

HAVE simply been in paradise the past week. They flock to Sulzer's and gaze with wide open wonder on this Aladdin's palace of treasures. They go into ecstasies over the mechanical toys, the magic lantern, the tiny pianos, the toy animals, the life like dolls, the drums, the trumpets, the tin soldiers.

They Feel Rich

With a wealth of joy when they feast their eyes on the prodigious profusion of things that Old Kris Kringle, as the German children call him, has brought them. It's the height of pleasure to witness the glee of the little tot when they pick up a doggie that can bark, a doll that can close its eyes, a bird that can sing just like they were truly alive.

The Little Ones

Just revel in the scene that reminds them of fairy land and they say a great many things that are complimentary to Santa Claus and that jolly old soul just blushes like a school girl.

It's Our Observation

That if you want to please the children you should come to Sulzer's to buy your toys. The fact the little ones crowd into our store and make it headquarters show that in their judgment we've got the best stock and the things they like most. You can bank on children's being the best judges in this matter and the evidence they give of absorbing interest truly shows that Sulzer's just now is the hub of their childish universe.

A TREAT For the Ladies

IN OUR
Fancy Goods
Department.

ONE of the chief attractions at Sulzer's is the fancy goods department. The feminine element of last week's crowds took advantage of the rich opportunities of this feature of our holiday stock. They found our line of embroidered handkerchiefs, silk girds, neckties, etc., hard to beat and they patronized it very liberally. Another thing they did justice to was the stock of silver goods. They declare that the silver novelties are the acme of perfection. The line of decorative ware came in for its share of praise. The people are now out in force and the holiday spirit is at its height. We don't like to use slang, but as its expressive we feel moved to say if you want to get in the "swing," just follow the crowd to Sulzer's. It's a great pleasure to us to know that we've filled the wants of the people and the fact that we have succeeded in making our establishment the great gift buying center of Breckenridge county is indeed a source of gratification. This much is certain. The popularity of the people can only be gained by merit and as our place is now the most popular in the county our stock certainly possesses merit.

THE SPANISH WAR.

Cuba, "Pearl of the Antilles," though lately the scene of a revolution, was not prepared for the war imposed upon her by the Spaniards. This war after the Cuban people, who were white and black, had struggled to throw off the yoke. The last of these struggles began in February 1895. Through eight months, in all, over 200,000 soldiers to Cuba, all killed in over three years to restore order.

The insurgents at first formed the rule of Cuba and sought, in vain, to a recognition from the United States. However, our government would not do this until the struggle could not continue indefinitely without intervention on our part. Our people had millions of dollars invested in Cuban property and an important commerce which was being rapidly destroyed through the devastation of the island. Our people were horrified at the suffering of the reconcentrated Cubans who had been forced by the cruel Spaniards to leave their homes, to leave their families and to concentrate in the large towns, to be hemmed in by garrison and left to starve. There many thousands miserably perished. The people of the United States then sent many supplies.

On February 19, 1898.

"When the news of the battle had reached in the city of Havana, the Spaniards were in a state of confusion."

BUCK DAVISON AT HOME.

Returns to Hancock After Finding a Fortune in the Klondike.

David Buckner Davidson returned from Seattle, Washington, on Tuesday after an absence from Hancock county of eleven years, says the Hancock Citizen.

He had been a resident of Colorado for many years before that. He has lived fifty years in experience in the past two.

In this time he has seen through all the horrors and hardships incident on one who seeks wealth in the Alaskan gold fields.

He lived in Dawson City, Alaska, a famous place, and he has seen all the hardships and privations of life in that place.

He has seen all the hardships and privations of life in that place.

A REUNITED COUNTRY.

President McKinley must be supremely happy. His visit to the people of the South has been productive of great good. The theme of all his speeches has been a reunited country. He has lived to see the South land as passionately devoted to the stars and stripes as was to the stars and bars. His own utterances have been a poem of grateful thanksgiving at the consummation.

"Reunited—one country again and one country forever; proclaim it from the green and emerald, teach it in the school, write it across the fields, the world sees and feels it; it cheers every heart, North and South, and brightens the life of every American home, let nothing ever stain it again; at peace with all the world and with each other, what can stand in the pathway of our progress and prosperity?"

These are the utterances of a patriot, of a statesman. Whatever our political beliefs, let us be thankful that we have at the head of this nation a typical American, whose heart beats in sympathy with the aspirations and impulses of the people.

The Reason Why.

Does Robert Leonard O'ne look proud? We reckon he do.
Why is Robert Leonard O'ne proud. He has a big baby at his house. That is why he looks proud.
It came Tuesday morning.
Mother and child are doing well.
So is Leonard.
Congratulations.

Bad for the Breckens.

but extremely good for the sufferer from that harassing disease is Dr. Ayer's Cherry Pectoral. No medicine can compare with this great remedy in the prompt and permanent aid it gives in all bronchial affections. It stops the cough, soothes the irritated throat, and induces refreshing sleep.

"I had a bronchial trouble of some persistence and stubborn character that the doctor pronounced incurable. I tried many remedies, but recommended me to try Ayer's Cherry Pectoral. One bottle cured me."

J. C. WOODSON, P. M., Forest Hill, W. Va.

"A short time ago I was taken with a severe attack of bronchitis, and neither physicians nor ordinary remedies gave me relief. In despair of finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral. Less than ten bottles entirely cured me."

DR. R. HUNTER, Alabama, Pa.

Delicate Children

They do not complain of anything in particular. They eat enough, but keep thin and pale. They appear fairly well, but have no strength. You cannot say they are really sick, and so you call them delicate.

What can be done for them? Our answer is the same that the best physicians have been giving for a quarter of a century. Give them

Scoll's Emulsion of Cod-Liver Oil with Hypophosphites. It has most remarkable nourishing power. It gives color to the blood. It brings strength to the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate infants rapidly gain in flesh if given a small amount three or four times each day.

See and hear all druggists. SCOLL'S EMULSION, CHICAGO, NEW YORK.

One Minute Cough Cure, cures. That is what it was made for.

Thorough instruction and drill given in all departments, including, Primary, Common School, Academic and Teachers' Departments.

Besides the regular class in Higher Mathematics, Latin, and the sciences, as the beginning of the winter vacation, we will organize a Teachers' training class for the benefit of those who may wish to prepare themselves for examination for a County or State Certificate, or for a State Diploma. We know just how to prepare you for examination here, if you wish to raise the grade of your certificate, and to increase your teaching ability, join our class and the two first long experience in teaching and school discipline. The following is the general rule for measuring corn. Two cubic feet of good, sound dry corn is equal to a bushel of shelled corn. To get the quantity of shelled corn in a box of corn, in the first, measure the length, breadth and height of the box inside of the corn, multiply the length by the breadth and the product by the height, then divide the product by two, and you have the number of bushels of shelled corn in the box.

BLACK DIAMONDS

Are very scarce, but every Lump of

Baskett Coal

Is a Jewel.

That is the verdict of all housekeepers who use BASKETT COAL as a fuel. Its good points are numerous.

IT'S AN ECONOMICAL COAL

For the reason that it gives more heat for the money than any other coal on the market. It makes a steady, lasting fire. Fill your stove or grate with it at night, close your drafts, and you've got a fire that lasts until morning. You do not have to use as much BASKETT COAL as you do others, because it has more substance and weight to it than the fast burning coal.

IT'S A CLEAN COAL

The BASKETT COAL is clean. All good bituminous coal produces clinkers, so does the BASKETT, but it makes less clinkers and less ashes than most other varieties, and is, therefore an ideal grate or stove fuel.

BASKETT COAL

Is a superb fuel for use in flouring mills, tobacco factories, saw mills and manufacturing plants.

Special Prices in Carload Lots.

Deadly Cancer Cured at Last!

Do Not Give Up in Despair—There is Hope!

For ages it has been thought that Cancer is incurable, and those so unfortunate as to have this dreadful affliction have considered themselves beyond hope of recovery. The doctors are absolutely unable to afford any relief, and the poor sufferer might well consider himself on the way to an early grave.

It is now easy to see why the doctors have failed to cure Cancer. Their theories have been all wrong, and hence their treatment misdirected. They have made the mistake of thinking that by cutting out the sore or ulcer, known as Cancer, the disease would be gotten rid of, and the patient restored to health. But the cruel knife accomplishes nothing, for the Cancer promptly returns, and is always more virulent than before.

It has been demonstrated, beyond doubt, that Cancer is a blood disease and can not be cured by a surgeon's knife because the blood can not be cut away.

Several years ago my wife with cancer in her tongue, throat and chest, was not regarded seriously at first. It started in her throat and began to grow, giving her much pain. The doctors treated it for quite a while but were unable to do her any good, and finally pronounced it cancer of a most malignant type. We were greatly distressed and gave her every remedy recommended, but they did not seem to reach the disease, and it continued to spread and grow. Upon the advice of a friend she began to take S. S. S. and after a few bottles had been used a decided improvement was noticed, and continuing the remedy she was cured completely and the permanence of the cure has been proved, as no sign of the disease has returned, though ten years have elapsed.

H. L. Munzinger, Sparks, Ga.

The cure made by S. S. S. is permanent. It is the only blood remedy which can cure obstinate deep-seated blood diseases, because it is the only one which acts on the correct principle of forcing out the poison and riding the system of it forever.

Dr. J. B. Smith's failure to cure the worst cases of Cancer, Scrofula, Catarrh Extremities, Contagious Blood Poison, Rheumatism, old sores, ulcers, etc., is not a matter of only other remedies have been used in vain. It is the only blood remedy guaranteed.

DEFENDING THE NATION.

Catarrh is our country's enemy. Lagrippe, lung troubles and diseases of the mucous membrane take hold of the organs of the throat and the lungs and follow with alarming frequency. All of these troubles are catarrhs, and a doctor's aid where the membranes are clean and healthy.

Mrs. Lon Davis, Fayetteville, Tenn., tells in her letter how Dr. Hartman's great catarrh remedy, Per-u-na, cured her of la grippe and serious lung complication. She says:

"I was afflicted with a disease commonly known as la grippe two years ago. The doctors said I had consumption. I got one bottle of Per-u-na and the second night my cough stopped. I took several bottles, and I will say that I believe I would be a dead woman now if it had not been for Per-u-na."

Mary M. Pruitt, Palpa, Mo., says: "Per-u-na Medicine Co., Columbus, O."

"I had la grippe for three successive years. It is supposed to get a lighter hold on each year. It seemed I was in the jaws of death. What had helped me before would not do me any good. I saw an advertisement of Per-u-na. I prepared two bottles and I cured myself. I have not felt any symptoms since. You may use this in any way you please."

Dr. Bull's Cough Syrup is the safest and most cure for those dangerous afflictions of the little ones—croup, whooping-cough and measles. Cough physicians prescribe it, children like it and mothers are proud. Price 15c.
